

LD302 LED Display

Application

Specially designed for heavy machinery, engineering machinery and cranes etc.

Main Functions & Features

- Wide range applicable environment, Ambient temperature -30 °C ~ +70 °C, Relative humidity: 95%.
- RS485 data communication, electromagnetic compatibility and anti – jamming.
- Stainless steel cover box, strong and durable.
- Ultra – bright outdoor LED module, high luminance, wide angle, no reflection.
- Use wiring box, access line through gland box, convenient and flexible installation.
- Sealed structure, waterproof, shockproof, meet IP65 industrial standard.

Specification

Description	Parameter
Operating voltage	AC100V ~ AC250V
Visible angle	>120°
Frequency	50 - 60Hz
Display color	Red / green / Yellow
Visible distance	1000m
Data line	Twisted pair wiring
Communication mode	RS485
Wiring	M27 cable gland*2
Image definition	16X16
Pixel	Φ5
Ambient temperature	-30°C ~ +70°C
Humidity	10% ~ 95% (no condensing)
IP protection	IP65
Material	Stainless steel
Weight	10kg
