

BC-8 Beacon Siren

Application

BC-8 beacon siren special design for all kinds of hoisting machinery (tyre crane, crawler crane, overhead traveling cranes, etc.), harbors machinery (gantry cranes, bridge crane, etc), Plant (electrotechnical box), metallurgies, chemical industry, coalmines and marine etc.

Main Functions & Features

- Enclosure employs die casting aluminum, providing good appearance, lightweight, corrosion resistance.
- The products are sealed with structural glue, to ensure the good waterproof and dustproof of the product.
- Super bright LEDs as lamp bulb, and the life is more than 100,000hrs.
- Lamp housing employs PC, providing good intensity, thermal stability and good finishing surface.
- Special integrated core, providing strong electromagnetic anti-interference capability.
- Various tones and adjustable volume for selection.

Specification

Description	Parameter
Supply voltage	AC24V / AC36V / AC110V / AC220V / AC380V / DC24V (optional)
Frequency	50Hz ~ 60Hz
Power consumption	6W
Tone	A / B / E / D / Y / L / F / Speech (optional)
Sound level	106dB
Color	Red, Amber, Green (optional)
Warning type	Visible and Audible
Ambient temperature	-30°C ~ +70°C
Humidity	10% ~ 95% (no coagulation)
IP protection	IP65
Material	Base: Aluminum alloy ; Housing: PC
Weight	2.7Kg
